

Li-qing feeding 8-month grandson Kevin

March 15, 2003, the family are making Chinese *baozi* (steamed stuffed bun) while Wei studies six-day-old Kevin.

Sandy's parents came for a visit from Taiwan in August 2003. They brought a lot of tiny dresses for Kevin and had quality time with him.

Sandy and Hong also bought their new home. This is their kitchen.

June 28, 2003, our relatives from California came for a visit and took this photo with us by the lake, under setting sun, with 3-month-old Kevin sitting on his grandma's head.

Maki's parents also came for a visit from Japan in October 2003. This photo was taken in Maki's & Wei's new home.

Needless to say, Kevin is everyone's favorite.
